

[unpublished bibliography]

In the summer of 1992, Dr. Louis Wayne Ballard (Quapaw/Cherokee) composer, mentor, and dear friend of nearly 30 years before he died, handed me this unpublished bibliography of Native American music references. Although some pages are missing, I hope it will be of use to others searching for similar materials. For those interested, a collection of Lou's own works (1964-2004) are now housed at the University of Tulsa Archival Catalog, <https://utulsa.as.atlas-sys.com/repositories/2/resources/635>, with orchestral scores, chamber music scores, CD audio and guidebook. — Brent Michael Davids (Mohican/Munsee), 7 May 2021
